Columbia, South Carolina 29210

Dear Ms. Boyd:

The South Carolina Office of Regulatory Staff (ORS) is in receipt of the South Carolina Electric & Gas Company (SCE&G) December 6, 2017 letter addressing the December 1, 2017 article published in The State newspaper about Fluor reports on VC Summer Units 2 & 3. As correctly reported by The State, ORS did not review the 2016 Fluor Report prior to The State providing a copy to ORS. ORS does not dispute that at some point SCE&G placed this report in the password protected website.

Given SCE&G's desire to correct the record and to be open and transparent, ORS recommends and requests that all documents within SCE&G's password protected website related to V.C. Summer Units 2 & 3 that have been treated as non-public documents be made public and available.<sup>1</sup>

Sincerely,

Nanette S. Edwards

<sup>1</sup> The Bechtel reports, which were never provided to ORS by SCE&G, are different from the Fluor reports.
